PORTFOLIO 

PROFILE

I am a young man of 23 years with a lot of interest in learning Web3 and Informatic Security.

Currently I am doing a bootcamp to be a Full-stack web developer.

I am someone who adapts and learns quickly, creating solutions to the problems I face. I am an ambitious person proactive and highly motivated to continue growing.

My wish is to be able to work for a company that gives me the opportunity to put test all my knowledge, skills and that at the same time, allow me to grow professionally and as a person.
